

VideoCulture Fest 2013

Results rating of the jury

Every member of the jury could give points to every movie from 1 to 5 points (5 points was the best position). Winning positions of individual movies were therefore stated according to the sum of points given them by individual independent members of the jury.

Note: Although the number of points was equal at two movies - Vizionář and Coexistence, the winning one was Vizionář because there were given maximum level to this movie twice.
